**Water Resources Engineer**

**Full time, Finch, Ontario**  
**Hours:** Monday - Friday (8:00 a.m. - 4:00 p.m.)  
**Start Date:** December 2022

*Are you looking for a career with purpose, and one where you can make a positive contribution?*

At South Nation Conservation (SNC) you will be immersed in a diverse professional environment, where you will thrive in a multi-disciplinary community that includes engineers, planners, biologists, foresters, and GIS technicians, among others.

SNC’s strength lies in our experience performing and applying cutting edge science and research at the community level. Our entrepreneurial culture is a dynamic combination of government and private sector, in which you will have the scope to lead innovative projects to protect and enhance our local environment.

**POSITION DETAILS:**  
The incumbent will work in a multi-disciplinary team environment. Responsibilities include a variety of technical, analytical and data processing tasks in the general area of water resources engineering. The Water Resources Engineer will work as part of the Resource Management team. This position reports to the Managing Director, Natural Hazards and Infrastructure.

**WHAT YOU OFFER:**
- A university degree in civil engineering, water resources engineering or related discipline.
- 5 years of water resources project experience including design, project management and business development.
- Licensed or eligible for registration as a Profession Engineer with Professional Engineers Ontario.
- Knowledge of legislation and procedures related to municipal and environmental planning is an asset.
- Experience with hydraulic and hydrologic modelling software (including SWMHYMO, HEC-HMS, HEC-RAS and GIS).
- Experience in the water resource management for small and large river systems, including stormwater management, analysis of drainage and erosion problems, analysis of watercourses, and delineation of floodplains.
- Analytical, interpretive and research skills required to assess situations, to conduct studies and to provide reports and recommendations.
- Experience in the preparation of technical reports, peer reviews and presentations.
- Excellent organizational skills including report writing and meeting budget deadlines.
- Excellent interpersonal and verbal communication skills.
- Relate well in both team-oriented and independent situations.
• Bilingualism (French and English) is an asset.
• Valid Class “G” Ontario Driver’s License.

WHAT WE OFFER:
• You will join an organization with over 75 years of history.
• You will have the opportunity to work with a solutions-focused team and develop your skills.
• You will work for an organization that places tremendous value on the professional and personal development its employees.
• Participation in the OMERS pension plan.
• Competitive salary and benefits package.

LOCATION:
The SNC office is in a rural location in Finch, Ontario, southeast of Ottawa. The successful candidate must have reliable transportation.

SUBMISSION INFORMATION:
Forward a copy of your resume, a writing sample, and references by 8:00 am on Monday, November 14th, 2022, to:

Hannah Jackson
Accounting and Human Resources Specialist
hjackson@nation.on.ca

Please quote ‘Water Resources Engineer’ in the subject line. Submitted resumes must be in Word or pdf format.

Thank you for your interest in South Nation Conservation; however only those candidates selected for an interview will be contacted.
